

# A Virtual Doberman Encyclopedia!

## Use The Latest Multimedia Computer Technology

- Animation
- Audio
- Video
- Interaction
- Transform Images
- Fast Easy Access to Information

## Explore The Most Innovative, Informative, In-Depth, and Remarkable Study of The Doberman Pinscher Ever Made!

### Widely Acclaimed:

- ★ AKC Judges Institute
- ★ DPCA Judges Education Committee
- ★ Senior Conformation Judges Association

- ☑ **Standard.** Interactive and illustrated by computer imaging and animation. E.g., you can transform a correct topline into a roach. Examine shoulder angulation, upper arm length, depth of brisket, forechest, rear angulation, markings, accepted colors, temperament, gait, Doberman temperament and essence.
- ☑ **Anatomy.** Structure - muscle, bone, and joint and function - reviewed in detail.
- ☑ **Measurement.** Use measurement tools to measure proportion and angulation. Change dog's length and height. Overlay bones to guide measurements.
- ☑ **Heads.** See muzzle length change, planes measured, and eyes change in size and color. Evaluate head profile and front views. Learn correct dentition.
- ☑ **History.** Complete audio narration - Begins in mid 1800's with Herr Doberman
- ☑ **Gait.** Examine Doberman gait one frame at a time or slow motion or full speed
- ☑ **Evaluate.** Judge and grade a class. Compare your scores with breed experts.
- ☑ **The Quiz.** 50 true/false questions. Animation and imaging illustrate answers.
- ☑ **The Dobe at Work.** Agility, obedience and Schutzhund.
