Subject: Rottweiler CD-ROM Breed Study

I am pleased to inform you of my discussions with the American Rottweiler Club Board.

Below is my review which you have my permission to post.

'While attending the ARC breed study on May 26,2001, I had the opportunity to view the Rottweiler CD first hand. It was informative , well thought out and visually enjoyable. It's scope covers all aspects concerning the Rottwiler including structure, correct type and Rottweiler gait. Best of all the cd allows you to participate interactively, so you can learn while you enjoy. Certainly a valuable addition to anyone's Rottweiler library.
